Bibs and identification wristband

Riders are required to wear their bib number throughout the course of the race.

The bibs must be visible at all times, it is not allowed to bend, cut, cover or modify them. These actions will be penalized by disqualification from the race.

You may not transfer your bib number or make any name changes to the registration.

The rider's identification wristband must be worn throughout the entire event. That will allow riders to receive any on course assistance as well as guarantee access to the rider's venue and the bike park.

Mandatory equipment

- Wearing a helmet is mandatory. Helmets must have a valid safety certification.
- A rainproof jacket.
- A mobile phone with charged battery and with reception in Andorra.
- A basic toolkit, tube puncture repairing kit and spare tubes.

The bicycle

- The bike must be a road bicycle and has to be in good condition. Wearing a rear light is strongly recommended. It is not allowed to participate with electric, mountain bike or gravel bicycles.

- The bicycle must work properly before starting the race, the rider will be responsible for its proper previous condition and for maintaining it through all the event. There will be mechanical assistance on course and at the end of each stage.

- The organization will be responsible for the bikes only while they are stored in the Bike Park. Outside this area, the riders will be responsible for their own bicycles. The organization disclaims responsibility for the loss or theft of any bicycle outside the Bike Park.

In order to offer a mechanical and assistance service to the participants, the organization will provide with 2 on road assistance vehicles at each stage. In the event of spare wheels or parts being needed, the assisted rider will be registered and asked to return or pay, when necessary, for the parts after the end of the stage. Failing to do so will keep the rider out of the race.

Timing

- All the riders have the obligation to wear the electronic chip provided by the organization.
- Any participant who cannot make it to the stage departure on the established time must request permission to the organization for a late start.
- No riders will be allowed to start a stage out of time without permission of the organization. A rider starting a stage out of time without the consent of the organization will be considered "out of the race" at all effects.
- There will be different timing points along the course. It is mandatory and the sole responsibility of each participant to go through each one of the checkpoints.
- Participants who are not detected at a timing point will be disqualified from the stage.
- The location of the timing points will not be announced.
- Any rider arriving at the finish line after the stage time limit will be disqualified from the stage. The next day they will be able to continue doing the next stage out of competition.
- Riders will have to cross the finish line with their bikes, bib and chip.
- Riders failing to reach the time limit at the end of the stage will be disqualified. They will be allowed to ride on the following stages, but their times won't be valid for the stage or general classification.

Medical assistance

- Medical assistance will be provided by the organization. There will be multiple points of assistance on the route of each stage and a medical tent by the finish line.
- The organization emergency phone number will be on the back of the bib number.
- The participant agrees that any medical response may need some time to reach the location where assistance has been requested.
- The organization will prioritize providing a safe event for all the riders. An evaluation by the medical team could lead to a rider not being allowed to continue if it's considered not to be in sufficient capacity to continue riding.

Claims

Complaints must be filled on during the day of the stage. They will not be accepted after the stage time limit. There will be a dedicated space by the finish line area to submit the claims.
